STEMUP

These questions belong to AQA, not to us.

The examination questions, mark schemes and examiner reports in this pack were written and published by AQA. They are past assessment materials, reproduced here so that students can revise from them.

What we do not own

STEMUP is not affiliated with AQA and does not own, and makes no claim to own, any of the question, mark scheme or examiner report material in this pack. AQA has not endorsed, approved or been involved in the production of it. AQA and the qualification titles used here belong to their respective owners and appear for identification only.

Where to find the originals

AQA publishes its past papers, mark schemes and examiner reports free of charge. Always check the current specification at aqa.org.uk before you revise, because content and wording can change between series.

If you hold the rights to any material in this pack and would like it amended or removed, contact admin@stemup.co.uk and we will act on it.

Q1.

Which **two** of **A**, **B**, **C**, **D** and **E** are important factors in attraction according to the filter theory of attraction? Write the **two** correct letters in your answer book.

A Personal compliments

B Profit and loss

C Self-disclosure

D Similarity in attitude

E Social demography

(Total 2 marks)

Q2.

Read the item and then answer the questions that follow.

> Teddy is discussing his girlfriend, Sasha. He says, 'We were in the same year at university, both studying marketing. She was really good at the theoretical side and I was better when it came to practical work. We specialise in different areas now. I'm always proud to be seen out with Sasha. Other guys are really jealous when they see her. We tell each other everything though, no secrets in our relationship.'

Discuss factors affecting attraction in romantic relationships. Refer to Teddy's comments in your answer.
